

All-Party Parliamentary Group Crypto & Digital Assets

Minutes from the Crypto & Digital Assets All-Party Parliamentary Group (APPG) Visit to B2C2

Date: Tuesday 30th June 2026

In attendance:

- Lord Vaizey of Didcot - APPG Co-chair
- Gurinder Singh Josan CBE MP - APPG Co-chair
- Lord Taylor of Warwick - APPG Member
- Baroness Kramer - APPG Member

Also represented at the meeting:

- CryptoUK (APPG Secretariat)
- B2C2

1. Introduction: APPG Co-Chairs Gurinder Singh Josan CBE MP and Lord Vaizey of Didcot joined APPG Members for a visit to B2C2's London headquarters, organised by CryptoUK in its role as APPG Secretariat. The purpose of the visit was to provide attendees with an opportunity to learn more about the crypto and digital assets sector. The visit enabled Members to see first-hand how B2C2 operates, ask questions directly of business leaders, and deepen their understanding of how firms are preparing for the UK's new cryptoasset regulatory framework.

2. B2C2 Site Visit and Trading Demonstration: The visit was led by B2C2 Group CEO Thomas Restout and Head of LCD Strategy and Regulatory Affairs Rebecca Rogers. Members were given a tour of B2C2's London headquarters and met employees working across trading, technology, research, compliance and risk management. B2C2 also provided a live demonstration of how an institutional digital asset trade is executed and settled. Members watched digital asset trading take place in real time and discussed the technology, controls and market infrastructure underpinning the firm's operations.

3. Group discussion on UK Crypto Regulation

The visit concluded with a roundtable discussion with B2C2's senior leadership team and other industry representatives on the implementation of the UK's new cryptoasset regime.

Key Issues and Themes Discussed

- **Implementation of the UK Regulatory Framework:** The group discussed the implementation of the UK's new cryptoasset regime and how firms are preparing for the new framework.
- **Digital Asset Markets:** Participants discussed the operation of institutional digital asset markets and the role of trading, technology, compliance and risk management.
- **UK Competitiveness:** The group discussed the opportunities and challenges involved in building competitive and well-governed digital asset markets in the UK.

4. Meeting Close

The APPG Co-Chairs thanked B2C2 for hosting the visit and everyone attending for their contributions to the discussion. No further business was discussed.
